

**EXAMPLE - FINAL ENGINEERING CERTIFICATION LETTER**

Mr. Greg Sams  
SCDHEC - Trident EQC  
1362 McMillan Avenue, Suite 300  
Charleston, SC 29405

RE: Old Tram Inc.  
SCDHEC Construction Permit No. 22,451-WW

Please accept this letter as my certification that the referenced project was constructed in accordance with the approved plans and specifications, to the best of my knowledge, information and belief. This certification is based upon period observations of construction and a final inspection for design compliance by me and/or a representative of this office working under my supervision.

The project consisted of 294 linear feet of 8" gravity sewer main and two manholes.

The additional documents required for the permit to operate will be forwarded directly by Summerville CPW. Please let me know if you need additional information from this office.
